

# About Us

## Our Story

When I opened Sugarplum Cake Shoppe in 2010, I began with the question, "What makes people smile?" I found that what brings a smile to any face is the perfectly baked treat, and while my business has grown and changed, this focus has stayed the same. My team and I strive to serve in a way that meets your goal. We believe that each sweet treat is an opportunity to bring joy to another person's world. If You Can Dream It, We Can Bake It!

## Testimonials

★★★★★

Although this is well intentioned and the goal certainly is to reduce the quantity of these bothersome thoughts, the technique is inherently flawed.
